Are YOU Saving for Victory Bonds?

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT TO Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 26th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.

DEPARTMENT OF MILITIA AND DEFENCE.

Victory!

Bonds are Selling Fairly Well.

Committee Undertaking Energetic Canvass.

Although it was not expected, in view of the crop conditions this year, that the sale of Victory Bonds would reach that of the previous year, yet the result already attained leads one to hope that Bow Island's totals will eventually amount to a very considerable sum. The present stage of the campaign may better be summed up in the committee's report: "Everything going very satisfactorily."

The chairman and secretary of W. Reid and H. S. Beattie of the local executive have been burning gas uselessly during the past few days in driving through the district, and several thousands have been added to the loan as a result of their efforts.

These Men are Helping in the Drive.

F. W. Brown, canvasser for the town, reports making good progress, so far about \$6000 being subscribed. The residents apparently recognize the significance of the bond and what the success of the loan means to the country. Consequently there are few that are falling to support it.

The other canvassers in the surrounding towns and country districts are as follows:—A. Flanner, \$10; W. J. Elliott and Job Liverall, town of Burdett; Fred Elford, \$11; John Clark, north of Burdett; I. D. James, 11-11; S. M. Hanna, 9-11; A. W. Chisholm, 12-9; M. E. Platt, Winnifred and 11-9; T. Steadman, 10-9; W. E. Macdonald, 9-9; J. F. Lammert, 8-9; Geo. Murray, south of Whitha and Seven Persons; W. W. Fuller, Whitha; H. C. McDaniel, north of Whitha to river; A. F. Werts, 11-10; F. J. Henderson, 10-11.

Prod the Kaiser with a Victory Bond.—Get in the Game.

The following have bought bonds in Burdett:—W. J. Elliott, Thos. G. Hopkins, G. H. Johnston, H. P. Johnston, Mrs. C. A. Lomas, Geo. Lomas, Miss J. Maxwell, Miss L. L. Anderson, A. W. Fletcher, G. B. Fletcher, H. O. B. Fletcher, W. T. Fletcher, Mrs. M. B. Fletcher, Miss E. B. Fletcher, M. F. Redmond, Conrad Young, Roy Lindwall, Ernest Beas, John Stewart, M. J. Collins, Lora Johnson, Neil Strou, Eugene Hessel, Theodore Hessel, A. Schultz, A. Jackson and Carl Lindwall.

Bond buyers in Bow Island have been recorded as follows:—Geo. Plamane, August Plamane, Mrs. A. Plamane, F. J. McInerney, T. H. Hays, W. P. Cotton, W. A. Haterman, G. Schaefer, Irwin Nordman, Herbert Nordman, John Lyle, J. W. Thurston, Mrs. Jessie Potter, G. J.

Buy a FORDSON Tractor.

Winnifred Red Cross held a tag day on October 28th and realized \$64.20. Mrs. Platt, Mrs. Baker, Mrs. J. A. Larson and Mrs. Darrell Fisher were all dressed in Red Cross costume.

Mr. and Mrs. Geo. Schlab are leaving Winnifred for the winter months, with the expectation of returning in the early spring.

Mr. and Mrs. Tucker have removed to Banville for the winter months.

Fred Lovegrove of Lethbridge was visiting Winnifred and Estabrook this week.

Nels Hansen and Miss Ida Hansson received a telegram calling them to North Dakota and informing them of the death of Miss Hansson's father. They left on Monday.

Mr. Best Colthorpe has moved into Alex Smith's place, the old Winchcombe building. Mr. Smith has moved out to his farm, one mile north of town, where he has built one of the finest houses in the district.

Rev. Wood has decided not to hold any more meetings during the influenza. The hour of meeting will be at three o'clock from now on instead of at eight as previously.

Mrs. Ed. Gosselin is reported to be quite ill with Spanish influenza.

Mayor Reid and H. S. Beattie of Bow Island, accompanied by a military questionnaire were visiting the Winnifred district this week.

Winnifred.

Mr. and Mrs. H. Luther of Estabrook have returned to Winnifred, where Mr. Luther has accepted the old position at the Globe Store. Their friends are glad to see them back.

Good Cheer.

October 26th.

Mr. John Otehoiki is hauling his wheat crop from his farm in this district.

A social dance was held at the "schoolhouse" on Friday night. The attendance was small, but those present spent a very enjoyable evening.

Mr. J. A. Warner and wife of Lethbridge, accompanied by Mr. O. A. Hecloke and bride of Richant, spent Sunday with J. P. Peaire and family.

Our school was closed on Sunday by the Bow Island Board of Health. However, everyone in our district seems to be perfectly healthy and the children are missing some good schooling while the weather is fine, and they should be in school.

Miss Jessie McCallum is spending her vacation with Mrs. Bert Politt.

J. P. Peaire and wife, Mr. J. A. Warner and wife, and Mr. W. A. Roenicks and wife called on Mr. August Tremblay and also on Mr. and Mrs. Freeman Sunday.

October 30th.

The "flu" doesn't seem to take a very strong hold of the people of our district.

The recent cold snap caught a few who had forgotten to drain their radiator.

Art Lindquist and family visited his sister Mrs. Perry near Burdett on Sunday.

Miss McCallum is spending a few days with home folks at New Dayton while waiting for the "flu" scare to pass.

Mr. Geo. Scott and several others intend shipping several carloads of cattle from Winnifred next Friday.

Mr. Craig and Mr. Geo. Scott were called in this vicinity Sunday.

DISTRIBUTION OF SEED GRAIN/

From the Dominion Experimental Farms 1918-1919.

By instructions of the Hon. Minister of Agriculture, a free distribution of superior sorts of grain will be made during the coming winter and spring to Canadian farmers.

The samples for distribution will consist of spring wheat (about 5 lb.), white oats (about 5 lb.), barley (about 5 lb.), and field peas (about 5 lb.). These will be sent out, free, by mail, from the Central Experimental Farm, Ottawa, by the Dominion Cavalist who will furnish the necessary application forms.

Only one sample can be sent to each applicant. As the supply of seed is limited, farmers are advised to apply very early.

J. H. Grisdale,
Director, Dominion Experimental Farms.

STORAGE POTATOES.

Many have grown potatoes this year who never did so before, and con-

sequently will be unfamiliar with the best methods of protecting the crop.

Owing to the excessive rains this autumn, potatoes in some districts have become infested with rot, and many have been harvested under unfavorable conditions. In many instances they have been stored in cellars before being properly dried. Potatoes showing any indication of rot should not be stored with sound ones. This is especially true if there are abnormal conditions of moisture, as such conditions will cause a greater activity of the fungus and, consequently quicker rotting of the potatoes.

Potatoes should be stored in as dry and cool a place as possible without freezing. The time they can be kept the less rot will develop.

This year, especially, potatoes should be carefully sorted within from three to four weeks after storing in the cellar, those showing any signs of developing rot being discarded. This will protect the remainder of the crop. Food is badly needed, and it is our positive duty to take good care of what we have produced.

BURDETT'S BIG STORE

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for:—

Butter.....	\$ 2,000,000
Cheese.....	36,602,000
Eggs.....	2,271,000
Oats.....	37,644,000
Wheat.....	366,341,000
Flour.....	95,896,000
Meats.....	76,729,000
Vegetables.....	19,034,000

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:

Munitions.....	\$450,000,000
Metals.....	22,083,000
Vehicles.....	22,776,000
Wood Pulp and Paper.....	\$9,599,000

These huge sums were spent in Canada by the Allies.

Canada's own war expenditure for the fiscal year 1918 was \$342,762,000.

And the bulk of all these expenditures, the foundation of Canada's prosperity and war effectiveness, was made possible only because the subscribers to Canada's war loans furnished the working capital.

* * *

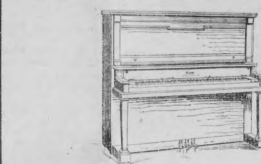

CANADA must keep this great work going—must produce as never before; must work, fight, save and lend as she has never yet done to bring victory and a lasting peace to a war-ridden world.

But Canada to-day (thanks to her great export trade), is in a better position now than ever, to carry on.

The Victory Loan 1918 will keep Canada busy, will enable her to maintain her great export business; and it will make Canada more efficient than ever, because her prosperity will not be diminished and her determination to work, fight and win will be stronger than it has ever been before.

STAND OF CANADIANS AGAINST FURY OF GERMAN WAS HISTORIC

STORIES OF GALLANT EPISODES ARE INNUMERABLE

Assaulting Troops Were Supported By the Greatest Massing Of Machine Guns War Has Produced—Nation Will Thrill With Pride at Story of Gallant Resistance

Saddened by the heavy price of blood, the people of Canada will thrill with pride when they read the full story of the wonderful stand their troops made against enemy masses bent on taking them from their conquests. Gallant and heroic episodes are innumerable. Battleships, companies and little knots of men stood their ground against waves after waves of assaulting troops, supported by the greatest massing of machine guns this war has produced.

It is the quality of gallant troops, such as the Canadian corps, that they sometimes create for themselves, in their impetuous, advanced, unprovoked attacks. The salient they drive into the enemy's lines, become enfiladed, and it is power is not at hand to widen it out into a wide front, the troops in the apex must either fight it out against overwhelming odds or fall back. This is a lesson the Canadian corps has learned, and it was this gallant clinging to positions, tactically unenviable, that contributed to the success of the Canadian corps. Incidentally it was just such stands that stemmed the enemy waves and frustrated his advance. As the Canadian corps was forced to win back Bourton woods.

Such a situation was brought about when a famous Ontario regiment having reached its objective, the village of Oulleville, found that its left flank was exposed and shattering enemy masses were advancing against it. Retirement would have been perfectly justified, but such was the gallant courage of the Ontario regiment, that it stood its ground.

Holding the vital trench on the flank was a party of seventeen of this unit, whose command had been taken over by a staff captain, the intelligence staff of the brigade. He had been in the trench since the beginning of the battle, and he remained to help till the depleted ranks of officers, after being recalled hastily after only three days of leave, to take his place in this battle.

This little party was entirely isolated, but for hours they held the trench that was the key to the position. They were the only unit carrying on, taking a great toll of the enemy, when assaults were pushed back. Five were wounded, and the captain an M.C., with bar, did this work.

The intelligence officer of another brigade, engaged in the operations, particularly distinguished himself by brilliant reconnaissance, and by leading out beyond our outposts under a continual fire. He comes from British Columbia. A lieutenant in the Manitoba battalion, D.C.M. and M.C. and formerly a member of the navy, by his devoted example inspired his men to stand up to the enemy's extremely heavy punishment. Though wounded in both legs, he carried on till he was taken from the blood and was carried out. The commanding officer of a Nova Scotia battalion, though wounded in the chest, temporarily lay in the trench on his eyes, refused to be removed, and stayed by his unit throughout the operation, contributing greatly to its success.

The colonel of an Ontario battalion, though seriously wounded in the hip, which ended fatally, led his men in his brilliant leadership had proved a great asset in a critical part of the struggle.

Increased Accrue for Next Year Every effort should be made to help the farmers of Canada to get an increased area under the plow this fall. City men have helped with the harvest, and success seems to be assured. City men must help out in cases where farmers find labor scarce for fall plowing. Men, now in cities, who have worked on farms, and can handle horses, should render themselves available for this important work.

From Croixes to the number of 4, 635,000 have been bestowed on German soldiers, officers and civilians. One of the five of the highest rank (the Grand Croix) was given by the Kaiser to himself.

My Dad wears a Bob Long Union Made Overalls, SHIRTS & GLOVES. I can't find a better one. R. G. LONG & CO. LIMITED, TORONTO, CANADA.

One billion silver dollars, laid in a row, would reach each city just touching the one before it and the one following, would form a line that would reach practically around the entire world.

Famous Bible Taken by Bolsheviks The Bolsheviks have abolished the old calendar and church holidays in Russia and confiscated church property to the extent of billions of rubles. One Bible taken from Moscow was studied with interest by other precious stores and worth one million dollars. The Baltimore Sun.

One billion silver dollars, laid in a row, would reach each city just touching the one before it and the one following, would form a line that would reach practically around the entire world.

The Stricken Belgians

Need of War Sufferers Even Greater Today

The eyes of the world have been riveted of late from Britain by the attraction of the battlefronts. The first loss of sympathy for the stricken little country was accompanied by a flood of offerings, in money, in food, in clothing, in other necessities, without parallel in history. The need of the Belgians is even greater today, but there is danger that the allied peoples, engrossed in their own war efforts and problems, may not be fully seized of the appalling catastrophe befalling the stricken little country. The Belgians today are economic slaves of the Hun. Before the war Belgium was one of the most highly industrialized portions of Europe. Her factories have been dismantled, the machinery has been shipped to Germany, and the operatives have been reduced to the alternative of unemployment or of entering German workshops to forge the weapons which are turned against the greatest of the men fighting to redeem Belgium. The Belgians are being reduced to want and misery. The years of war have been years of steadily increasing poverty and suffering. The Belgians are being reduced to want and misery. The years of war have been years of steadily increasing poverty and suffering. The Belgians are being reduced to want and misery. The years of war have been years of steadily increasing poverty and suffering.

Tackled Seaplane

To Their Sorrows

Submarine Fought Back and Was Either Badly Damaged or Destroyed

The first case in which it is known that a submarine fought back when attacked by a seaplane, is the probable destruction of the submarine U-10, on October 10, 1918. The seaplane, a British biplane, was seen by the submarine U-10, and the submarine fired at it. The seaplane was hit, and the submarine was damaged. The seaplane was then seen by the submarine U-10, and the submarine fired at it. The seaplane was hit, and the submarine was damaged. The seaplane was then seen by the submarine U-10, and the submarine fired at it. The seaplane was hit, and the submarine was damaged.

The seaplane was then seen by the submarine U-10, and the submarine fired at it. The seaplane was hit, and the submarine was damaged. The seaplane was then seen by the submarine U-10, and the submarine fired at it. The seaplane was hit, and the submarine was damaged.

The seaplane was then seen by the submarine U-10, and the submarine fired at it. The seaplane was hit, and the submarine was damaged.

Crossed Bridge

In Hall of Lead

English Corporal Prevented Destruction by Germans of Way

Over Canal

During the forcing of the Scheldt canal an English corporal discovered the Germans had not blown up a wagon bridge over the canal so he got a handful of men first and finished off the enemy's machine gun post on this side of the bridge. Then, all alone, he dashed across it, although there were probably a dozen machine guns shooting at him from the other bank. He jumped into a hole in the ground, where three German planes were waiting for him to throw the switch and blow up the bridge with demolition charges. The corporal bayoneted two of the men and accepted the surrender of the third, who offered to lead the charges were the corporal's explosives under the bridge, and the bridge was one of immense value to his complex afterwards.

Large Cattle Deal Completed

The consummation of a large deal by a Calgary packing company has just been completed. The sale involves 1,000 head of steers, and was made by ranches of Alberta, the price paid by the packing company being \$200 a head, plus a bonus of \$100 a head. The deal was made by the company's agent, who is now in the city, and the deal was made by the company's agent, who is now in the city, and the deal was made by the company's agent, who is now in the city.

Accessories, etc.
W. J. OLIVER, Proprietor.

Local and General.

Bow Island's new public school has been completed this week by the local board of health to accommodate cases of influenza. We understand that although there are but about three cases in town there are quite a number in the country, and it is largely for these that the school has been requisitioned.

Progress on the town's water well has been stopped for the time being to await the arrival of more pipe. A depth has now been reached of 80 ft., and both water and gas have been encountered. With the arrival of more pipe it is believed that the strata containing the water will be reached very quickly.

Mr. and Mrs. R. S. Beattie attended to Medicine Hat on Monday.

Mr. and Mrs. R. S. Smith of Lethbridge were the guests of Mr. and Mrs. A. F. Worts last week.

Dick McCarley has bought a Ford.

N. A. Wallwork received his Fordson tractor this week.

Archie Johnson, detective-sergeant of the A.P.P., has been in town the past week.

Constable Denis Palmer of the A.P.P., has been transferred to the military depot at Calgary following instructions issued by Register Canon.

Mr. M. E. Carlson is walking around with his arm in a sling, the result of a slight altercation with a Ford car.

Geo. Allen, Jack Fortune, R. L. Stone, and Dr. Haines returned this week from a shooting expedition to Bad Water Lake, the size of their bag being represented by one wheezy little teal. Their return trip through Erickson, we understand, was somewhat marred by George having the misfortune to lose about one hundred good plunks. The party say the trip was a most enjoyable one.

W. H. Schenck and family moved into town on Thursday and are now occupying Mr. Ostrum's house on Broadway.

Ben Whitney has moved into town the large barn from off his farm south of Bow Island. The large house he has there will also be transferred within the next few days. Mr. Whitney has some property just south of the track and the addition there of two large buildings will make a big improvement to that side of the town.

J. J. Riley, south of town, has sold his farm to Mr. Millar. Replies to his advt. in the Review tallied seven from Winifred, six from Burdett,

and numerous others from and around Bow Island. Farm property apparently is a live issue.

Messrs. G. Hildgale and H. Holman attended on Wednesday to convey to inspect a stock farm which they have recently purchased there.

The marriage took place on Monday morning of Ralph M. Gool of Seven Persons and Miss E. J. McCullum, teacher of Fawn School. Rev. V. M. Gilbert performed the ceremony.

It didn't forget the discount on your taxes if paid before November 30th.

Burdett.
Found.-A small purse containing a sum of money. Party purving ownership and paying for this advt. may have same on application to A. F. Worts.

Burdett.

Louis Pomerleau was suddenly called to Medicine Lake, Mont., on Tuesday last week by the death of his brother Daniel from influenza.

Major Small leaves on November 1st to join up for active service. Whilst there are a large number of friends who will sincerely regret his departure, they recognize, however, its necessity and wish him all success and a speedy return.

Thanks to the energetic action taken by the Local Board of Health the town presents a clean bill of health so far. May it continue to do so.

J. H. Sandy's hair is now being given the few finishing strokes and with these completed Burdett will own one of the most commodious and one of the largest livery barns along the line. Mr. Sandy is to be congratulated upon his enterprise no less than upon his courage, for it required pluck and confidence to go to a large expenditure this year. Fortunately Mr. Sandy has both and public appreciation, we believe, will be shown in an increased use of the facilities thus afforded.

Mr. Milligan has severed his connection with the Burdett Mercantile store and returned home for an indefinite period.

J. H. Sandy and C. Henderson had a most successful shooting trip to Crane Lake, Sask., last week, returning on Monday with a fine bunch of ducks and geese. Crane Lake is Mr. Henderson's former location and the opportunity was taken by him to resume acquaintanceship with a large circle of old friends.

Mr. and Mrs. Chas. Peterson have moved out of town on to their farm, their house in town being taken over by Mr. and Mrs. Goughy.

Mrs. Goughy is giving up her position, we understand, in the local bank this week.

Mrs. W. D. Anderson returned last week from Medicine Hat.

The vacancy on the School Board has been filled by W. J. Elliott, who succeeds to the chairmanship. Considerable satisfaction is felt locally at the appointment, and Mr. Elliott's

Facts About the Victory Loan

Details of Price and Payments Explained—Southern Alberta Executive Makes Appeal

Five hundred million dollars is the amount required to be raised by the Canadian government to carry on Canada's part in the prosecution of the war. The minimum amount which the minister of finance asks for is \$500,000,000. The larger amount will be raised if possible.

There are no 20-year bonds in this issue, and 15-year bonds will be available in the new issue.

The selling campaign for the new bond will begin Monday, October 28, and will continue until Saturday, November 14.

The details of the issue follow: Through the prospectus of the 5th Canadian war loan—the Victory Loan of 1918—the Dominion of Canada will ask for a minimum amount of \$200,000,000 with the right to accept all or any part of subscriptions in excess of that sum to be used for war purposes only and to be spent wholly in Canada. The rate of interest will be 5 1/2 per cent per annum, payable May and November 1, and the amortization 100 \$100,000 and 10,000.

The loan will be offered in two maturities—3-year bonds due November 1, 1921 and 10-year bonds due November 1, 1928.

The issue price will be 100 and an agreed interest for both maturities, making the income return 5 1/2 per cent per annum. Provision is made for payment in five installments as follows: Ten per cent on application; 20 per cent on October 1, 1919; 20 per cent on January 1, 1919; 20 per cent on February 1, 1919; 20 per cent on March 1, 1919. The last payment of 40 per cent will be made on balance of principal and 1 1/2 per cent interest on the balance of principal.

Each \$100 of the new bonds will be sold at 100 and will carry an interest of 5 1/2 per cent per annum. The bonds will be sold at 100 and will carry an interest of 5 1/2 per cent per annum. The bonds will be sold at 100 and will carry an interest of 5 1/2 per cent per annum.

are on the same footing those who buy by instalment will have to pay the small difference in interest over and over on a \$100 bond and \$116 on a \$100 bond to their final instalment. In the case of bonds for 3 instalments the due dates and amounts of the instalments would be:

	On Jan. 1, 1919	On Feb. 1, 1919	On March 1, 1919
On Application	100.00	100.00	100.00
On Jan. 1, 1919	100.00	100.00	100.00
On Feb. 1, 1919	100.00	100.00	100.00
On March 1, 1919	100.00	100.00	100.00

Every citizen can help to save the only in the courteous and prompt manner given to the taxpayer. The application. Each citizen has very responsible duties to perform, and it should be your endeavor to assist him. Place your application with him, and not through your bank. The banks will have enough to do in other ways and it will serve the country's purpose best if we all work with the taxpayer.

To the People of Southern Alberta: Our country is about to make another issue of Victory Bonds. The issue price will be 100 and an agreed interest for both maturities, making the income return 5 1/2 per cent per annum.

The issue price will be 100 and an agreed interest for both maturities, making the income return 5 1/2 per cent per annum. The bonds will be sold at 100 and will carry an interest of 5 1/2 per cent per annum.
